RECENT PROJECTS

Zenmak Global

Designed and developed a business website for Zenmak, a poultry science company. Designed a minimal UI, yet displaying the clients wide range of products across three categories in a efficient way. Fully responsive development using Twitter Bootstrap.

URL - www.zenmakglobal.com

TECHNOLOGY - Gatsby.js | HTML5 | SASS | JavaScript | Bootstrap 4

Witco India

Minimal, Flat yet Stylish web design and development for Witco - luggage retailer. Store locator section makes it easy to get in depth information about each outlet while giving the best user experience and beautiful UI.

URL - www.witco.in

TECHNOLOGY - Laravel | Bootstrap 4 | HTML5 | SASS

Kasvi.in

Designed and developed a "One Page Scroll" style website for Kasvi Consultants. Minimal, flat design with colourful illustrations highlighting their services with easily accessible call to actions. Integrated Freshchat API to increase the chances of getting new leads.

URL - www.kasvi.in

TECHNOLOGY - Bootstrap 4 | HTML5 | SASS | Freshchat API

Arknemesis Gaming

Arknemesis is India's biggest gaming cafe. Designed a dark themed UI with bright gradients, giving the whole gaming theme to the website itself. Delivered the critical datas like packages, games list on various platforms in a elegant UI to appeal the young users.
