RECENT PROJECTS

Yoopha Healthcare Web & Mobile Application

Yoopha is a Healthcare App, where users can book appointments with Doctors online, Purchase medicine, Maintain Health records etc., Designed UI/UX for both web and mobile application following user centred approach. Created clickable prototype of the same in Adobe XD to provided clear idea about the application to Investors as well as the developers making the process easier.

Web URL – [Consumer.yoopha.com](https://consumer.yoopha.com) **Mobile App** – *Yet to launch

TECHNOLOGY – Adobe XD | Affinity Designer | Affinity Photo

Zenmak Global

Designed a business website for Zenmak, a poultry science company. Designed a minimal UI, yet displaying the clients wide range of products across three categories in a efficient way.

URL – www.zenmakglobal.com

TECHNOLOGY – Affinity Designer | Affinity Photo

Witco India

Minimal, Flat yet Stylish web design for Witco – luggage retailer. Store locator section makes it easy to get in depth information about each outlet while giving the best user experience and beautiful UI.

URL – www.witco.in

TECHNOLOGY – Adobe XD | Adobe Illustrator | Adobe Photoshop

Kasvi Consultant

Designed and developed a "One Page Scroll" style website for Kasvi Consultants. Minimal, flat design with colourful illustrations highlighting their services with easily accessible call to actions. Integrated Freshchat API to increase the chances of getting new leads.

URL – www.kasvi.in

TECHNOLOGY – Bootstrap 4 | HTML5 | SASS | Affinity Desiner | Affinity Photo

Arknemesis Gaming

Arknemesis is India's biggest gaming cafe. Designed a dark themed UI with bright gradients, giving the whole gaming theme to the website itself. Delivered the critical datas like packages, games list on various platforms in a elegant UI to appeal the young users.
